

Partnership CPD journey for primary schools

As part of an Ogden partnership, teachers have access to CPD from EYFS to KS5, as well as opportunities for further professional development as part of the Teacher Network. This document outlines the CPD provision for primary school teachers.

Year 1 can access:

Partnership lead induction day:
CPD and support to help establish your partnership

EYFS Science Talk:
a half-day CPD session supporting communication and language through understanding the world

Phizzi CPD:
part of a four-year CPD programme covering the main areas of primary science (physical processes) with lesson ideas and resources. One topic is covered each year with a single training session

Earth & Space

Electricity

Forces

Light & Sound

Year 2 / Year 3 / Year 4 can access:

Phizzi CPD:
part of a four-year CPD programme covering the main areas of primary science (physical processes) with lesson ideas and resources. One topic is covered each year with a single training session

Earth & Space

Electricity

Forces

Light & Sound

Year 5 can access:

Phizzi Forward:
consolidating and reviewing the implementation of Phizzi CPD training and resources

Phizzi Future:
science leadership tools

Partnerships can also access:

Annual partnership conference:
networking and CPD for partnership co-ordinator

Teacher Network:
opportunities for further professional development
